

Cover Letter

Dear Sir/Madam,

I am writing this letter to you to apply for the position of DevOps Engineer (L2) in your company (company name). I came across the position via (mention job portal source) and wanted to apply for the same. I have a degree in BSC-MSCS, and I have worked in the field before for over 2 years and 2 months at MAROLIX TECHNOLOGY SOLLUTIONS PVT LMTD, Hyderabad. During my time as DevOps Engineer, I have learned valuable skills that appear relevant to the position desired by MAROLIX TECHNOLOGY SOLLUTIONS PVT LMTD, Hyderabad company. In my current position as DevOps Engineer, I have learned that I enjoy working in this field and that I can prove to be a valuable asset with my present skill set. I enjoy working with like-minded people, and I am a team player. The challenges that the DevOps Engineer offers is big, and I am sure that with an expert team I can take these challenges head-on. Thank you for your time and for considering me as a candidate. I have mentioned my contact number and email id in my resume and will send a follow-up email next week if further information is required.

Yours sincerely,

B.VENKATESH
